

SLEEPY BABY™

HEALTH™ LED NURSERY SLEEP LAMP

Happy Baby, Happy Parents!

HELPS TO NATURALLY REGULATE YOUR CIRCADIAN RHYTHM

The Sleepy Baby® lamp helps regulate your child's circadian rhythm and aids in the production of Melatonin - a natural hormone needed for sleep. This is essential in helping your child develop a healthy sleep pattern

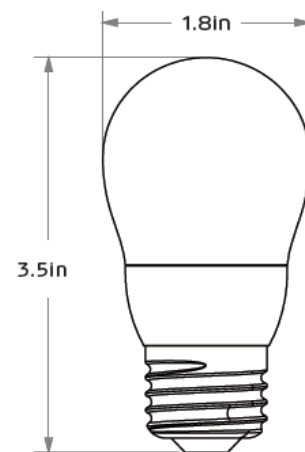

PROPRIETARY SPECTRUM TO ENCOURAGE NATURAL SLEEP

Through the use of our patented light spectrum technology, Sleepy Baby® eliminates certain known "blue-sky" light waves known to energize you and disrupt sleep patterns, helping your baby go to sleepy naturally. Your baby will fall asleep faster, stay asleep longer and go back to sleep quicker!

STANDARD BASE FITS MOST HOUSEHOLD LAMPS

HAPPY BABY, HAPPY PARENTS

Our Sleepy Baby™ Biological LED Nursery Lamp creates the perception of darkness for your infant's internal clock, while providing the perfect light output so you can care for your little one. The proprietary LED spectrum works with your baby's natural circadian rhythm to help them fall asleep faster, stay asleep longer and fall back asleep quicker if awoken in the middle of the night. Plus, it supports your baby's natural melatonin production- a hormone needed to regulate their internal clock and help them develop a healthy sleep cycle.

START YOUR BABY OUT RIGHT

Utilizing the Sleepy Baby™ nursery light encourages your baby to begin developing a healthy sleep pattern from the start - an important step in maintaining a balanced circadian rhythm.

ALL NATURAL SOLUTION

Using the Sleepy Baby® light is a safe, natural and effective way to assist your baby produce Melatonin - a hormone necessary to fall asleep and stay healthy.

MONEY BACK GUARANTEE

If for any reason you are not 100% satisfied with the Good Night® LED light bulb, simply send it back to us within 30 days of purchase for a full refund.

example: LS P15 40WE SLPB 120 G1 BX

SLEEPY BABYLED NURSERY LAMP

SPECIFICATIONS	LS P15 40WE SLPB 120 G1 BX
Color Temperature	SLPB - SLEEPY BABY*
Output (Lumens)	300
Equivalent Source Standard	40W INCANDESCENT
Input Voltage	120 VOLT
Power Consumption	3.5W
Power Factor	≥ 8.5
Dimmable	YES
Dimensions	3.5IN X 1.8IN
Weight	.1LBS. / .045G
Base	E26
Warranty	5 YR LIMITED
Environment	DAMP
Certifications	ETL INTERTEK ; FCC

1 Specifications and values supplied are nominal. Please refer to the DOE's Lighting Facts Tolerance Guidelines. Advances from further innovation and improvement continue and specifications are subject to change without notification.

2 Color temperatures conform to nominal CCTs as defined in ANSI Chromaticity Standard C78.377A

3 Lumen measurement complies with IES LM-79-08 testing procedures

4 Lumen maintenance calculations are based on measurements that comply with IES LM-80-08 testing procedures. L70 = 70% lumen maintenance, or when lamp reaches 70% of initial output

5 Please consult with Lighting Science Group for a list of compatible dimmers
