

## DATASHEET

### STRIP 120LEDs/m 24VDC 3014

**Product type:** Strip LED for indoor use

**Light source:** LED SMD 3014 3-step McAdam

#### Features:

**Installation:** by thermal interface material on the bottom of the strip

**Cut points:** every 50mm (6 LEDs)

**Wiring:** In case more strip have to be connected to the same power supply, the connection must be in parallel.  
Max lenght allowed is 5 meters

#### Performance:

Lifetime IES LM-80-08 Lumen and Chromaticity Maintenance  
IES TM-21-11 Long Term Projection of Lumen Maintenance

IP level: IP 20

EN62471 Lamp classification group Exempt (RG0)

#### Marks and warranty

Norms: EN60598-1

Warranty: 2 years

### Electrical and photometric values

Voltage	24VDC
Power	9,6W/m
Luminous flux @ 2700K	950lm/m
Luminous flux @ 3000K	975lm/m
Luminous flux @ 4000K	1000lm/m
Beam	120°
CRI	>85
Dimmable	YES
